Breckenridge Small Batch 471 IPA

STYLE DEFINITION:

Take an India Pale Ale and feed it steroids, ergo the term Double IPA. Although open to the same interpretation as its sister styles, you should expect something robust, malty, alcoholic and with a hop profile that might rip your tongue out. The Imperial usage comes from Russian Imperial stout, a style of strong stout originally brewed in England for the Russian Imperial Court of the late 1700s; though Double IPA is often the preferred name.

HOMEBREWERS COMMENTS:

Breckenridge 471 Double IPA has an abundance of hops on the nose and palate. Malt was very faint and maybe a little more subtle for a traditional IPA. Finish is somewhat bitter from the amount of hops at 70 IBU's. Nice hazy amber and orange color with a thick head and good retention, lacing nicely down the sides of the glass.

SMALL BATCH:

471 SERIES

471 IPA. Aggressive Hoppiness

Hoppy? Brother, 471 IPA redefines hoppy. 471 is a small batch, limited edition ale that was created by our Brewmaster to separate the weak from the strong. 471 is a double IPA, that combines Pale, Munich, Caramel-30, Carapils and Torrified Wheat malts, with Chinook, Centennial, Simcoe and Fuggles hops. It has a big sweet mouthfeel, followed by more hoppiness than you've ever had at one time. Enjoy.
