BOULEVARD Single Wide IPA

HOME BREWERS COMMENTS:

Boulevard Single Wide IPA is an excellent example of the IPA style with a very complex hop profile balanced with good malt finish. The beer had a nice deep copper color and very good foamy head

STYLE DEFINITION:

The American IPA is a different soul from the reincarnated IPA style. More flavorful than the withering English IPA, color can range from very pale golden to reddish amber. Hops are typically American with a big herbal and / or citric character, bitterness is high as well. Moderate to medium bodied with a balancing malt backbone.
